

AoSTH personal Alt titles

Sometimes I think the names of some episodes either don't make sense unless you are an American or just like to call it differently to remember them.

The SSSSS Squad

The title is perfect in it's own right and should not be changed

Subterranean Sonic - Sonic Goes Underground

Kids don't know what subterranean means so I simplified it, plus to have a Sonic Underground reference.

Lovesick Sonic - Why must I be a hedgehog in love?

Sllllooooooowww Going - Slow Down Sonic

High Stakes Sonic - Casino Night Sonic

Sonic Breakout

Trail of the Missing Tails

Like the SSSSS Squad, this title is fine.

Close Encounter of the Sonic Kind

Over the Hill Hero - Sonic Meets Captain Rescue

Mystery of the Missing Hi-tops - The Search of the Power Sneakers

What are Hi-tops? Must be a nickname that most English countries (except US) can't get.

Full-Tilt Tails - Super Fast Tails

Robotnik's Rival - Robotnik & Quark

The title's misleading since Robotnik and Dr. Quark do team up half way in the episode.

The Magic Hassle - Wes and Coconuts: Partners in Crime

Sonic The Matchmaker - When Junior Met Breezie

Mass Transit Trouble - Robotnik the Terrorist

That is what Robotnik does in this episode!

Lifestyles of the Sick & Twisted - An Interview with a Robotnik

Sonic is Running - Sonic The Hedgehog or Robotnik for President

The original title doesn't make sense, Sonic always runs!
